A.
Probability of Detection (POD)
two-head
flow
persistence
system scale L = √A (km)
B.
False-Alarm Ratio (FAR)
system scale L = √A (km)
C.
Probability of Detection (POD)
flow
two-head
lead time (h)
scale band L (km)
25
50
100
200
400
800
D.
persistence: α = 0.97
two-head: α = 1.77
flow: α = 1.78
τ(L) (h)
longest lead, 6 h
system scale L (km)
POD at 0.25 h lead (POD₀)
