A.
Probability of Detection (POD)
two-head
flow
persistence
system scale L = √A (km)
B.
False-Alarm Ratio (FAR)
system scale L = √A (km)
C.
Probability of Detection (POD)
flow
two-head
lead time (h)
scale band L (km)
D.
τ(L) (h)
two-head: α = 1.79
persistence: α = 1.41
flow: α = 1.63
system scale L (km)
POD at 0.25 h lead (POD₀)
